

**STATE OF MICHIGAN
COUNTY OF WAYNE
CITY OF ALLEN PARK**

ORDINANCE 03-2012

AN EMERGENCY ORDINANCE TO PROHIBIT THE USE, POSSESSION, AND TRAFFICKING OF SYNTHETIC MARIJUANA AND OTHER PRODUCTS OR MATERIALS THAT ARE IN A FORM THAT ALLOWS FOR HUMAN CONSUMPTION BY INHALATION OF SMOKE OR VAPORS, INGESTION, INJECTION OR APPLICATION THAT CONTAIN CHEMICAL SUBSTANCES, COMPOUNDS, OR AGENTS THAT CAUSE OR MAY CAUSE AN INTOXICATING, NARCOTIC, STIMULANT, DEPRESSANT, AND/OR HALLUCINONIC EFFECT AND AN IMMINENT THREAT TO THE SAFETY OF PERSONS THAT CONSUME SUCH PRODUCTS OR MATERIALS AND/OR PERSONS THEY COME IN CONTACT WITH.

THE CITY OF ALLEN PARK ORDAINS:

SECTION 1. AMENDMENT TO CODE.

Chapter 26, Article VIII, is amended to add a new Division 7, Synthetic Marijuana/Dangerous Products to read as follows as follows:

Sec. 26-581. Findings, Intent and Purpose.

- (a) The city finds that synthetic marijuana, consisting of plant or other material treated with chemicals or other substances that have not been approved for human consumption, is being marketed and sold as herbal incense and is being used in the same manner and for the same purposes as marijuana, with that use having become increasingly popular, particularly among teens and young adults.
- (b) The city further finds based on information and reports from poison control centers, hospitals, emergency room doctors, and police agencies, that individuals who use synthetic marijuana experience dangerous side effects including convulsions, tremors, seizures, hallucinations, unconsciousness, anxiety attacks, dangerously elevated heart rates, increased blood pressure, vomiting, and disorientation, evidencing that these herbal incense products are harmful if consumed and present an imminent and significant public health danger to persons consuming such products and other persons coming in contact with them.

- (c) The city further finds that, notwithstanding the high potential for abuse, and lack of any accepted medical use, the ability of the state to prohibit all forms of synthetic marijuana as a controlled substance has been frustrated due to the changing nature of the chemicals used in the manufacturing process.
- (d) The city further finds that in addition to synthetic marijuana, there may be other products or materials containing chemicals or substances, that while not approved for human consumption, are or may be marketed and sold in a form that allows for such consumption and which, upon consumption, may result in the same serious side effects and public health dangers as synthetic marijuana.
- (e) Based on these findings, this ordinance is adopted for the purpose and with the intent to protect the public health and safety of the city and its residents from the threat posed by the availability and use of synthetic marijuana and other dangerous products by prohibiting persons from trafficking in, possession, and using them in the city.
