May 7, 2019

Dear Allen Park Resident:

Please continue to submit the Notice of Claim forms.

As required by the Wayne County and State of Michigan State of Emergency Declarations, the City submitted a Preliminary Damage Assessment to Wayne County Emergency Management at 10:00 AM this morning (Monday). Wayne County will take Allen Park's information, along with the other affected communities in the County, and submit a report to the State. The State of Michigan will ultimately submit a report to the Federal Government/FEMA, which could lead to a Federal Emergency Declaration. There is no exact timeframe for that to occur.

While we only had about 75 Notice of Claim forms returned by Sunday evening, we submitted over 550 addresses for the Preliminary Damage Assessment. We compiled the address list from the phone calls and emails that were received last week.

We will be updating the Preliminary Damage Assessment report with the information provided on the numerous Notice of Claim forms that were received today. We will be doing the same with forms received in the upcoming days and weeks. The Notice of Claim forms can be submitted to the City through June 14th - which is 45 days after the storm event.

The Notice of Claim form can be found on the City's website - www.cityofallenpark.org
The forms can be returned to the Allen Park City Hall or submitted via email to RManagement@cityofallenpark.org.
