Re: Council Housekeeping Report

1. The Allen Park Civic Arena will be hosting the MHSAA Boys Hockey Pre-Regional Final tomorrow night. The match-up is Allen Park High School vs Cabrini High School. Best of Luck to both teams!
2. Bricco Excavating is scheduled to start the water main replacement on McLain Avenue and Colonial Court by the end of the week. The water main is being replaced prior to both streets being reconstructed through the Street Improvement Millage.
3. LiquiForce has started lining sewer sections in the area of Russell Avenue and Roger Avenue. They will also be working in the area of Osage Avenue and Ecorse Road.
4. The new SMART bus is scheduled to arrive this week.
5. City Hall and Police Department Project: The mason has finished all the interior brick work. They are currently building the Police Department Sally Port. The exterior brick has been waterproofed over the last few days. The concrete floor for the Lobby addition is scheduled to be poured on Thursday. Most of the drywall has been hung on the City Hall side (along with some mudding and taping), and approximately 70% of the drywall on the Police Department side has been hung. The ceiling tile grid is starting to go up on the City Hall side, as well as light fixtures. Both the IT and security equipment crews have been pulling wire for their various needs.
