COVID-19 OUTBREAK

SITUATION REPORT - 48.1

APRIL 13, 2020

For Operational Period: April 10-12, 2020

WORLDWIDE

1,865,015 Confirmed
115,136 Deaths

UNITED STATES

560,433 Confirmed
22,115 Deaths

MICHIGAN

24,638 Confirmed
1,497 Deaths

OUT-WAYNE COUNTY

4,583 Confirmed
323 Deaths

SITUATIONAL AWARENESS

- The United States has the highest number of reported COVID-19 cases and deaths, making it the most affected country in the world.
- Governor Whitmer has announced that self-employed workers, gig workers, 1099-independent contractors, and low-wage workers that have been impacted by COVID-19 can now apply for federal Pandemic Unemployment Assistance (PUA) effective today. Those who had previously applied, but were denied are encouraged to log in their MiWAM account and complete additional steps.
- Detroit Mayor Mike Duggan announced hazard pay of an extra \$800 a month for over 1,000 frontline workers such as police officers and fire fighters.
- The United Kingdom Prime Minister Boris Johnson has been discharged from the hospital and will continue his recovery at home prior to returning to work.
- The World Health Organization (WHO) has launched a "Solidarity" international clinical trial, comparing local standard of care vs./or in combination of any of the four (4) treatment options of Remdesivir, Chloroquine or Hydroxychloroquine, Lopinavir with Ritonavir, or Lopinavir with Ritonavir plus Interferon beta-1a. Over 90 countries are participating in hopes of expediting results.

ACTIONS TAKEN

- The Public Health Emergency Operations Center (PHOC) is at FULL ACTIVATION.

STRESS & COPING

Disaster Distress Helpline: 1-800-985-5990

National Domestic Violence Hotline: 1-800-799-7233 and TTY 1-800-787-3224

The outbreak of coronavirus disease 2019 (COVID-19) may be stressful for people. Fear and anxiety about a disease can be overwhelming and cause strong emotions in adults and children. Coping with stress will make you, the people you care about, and your community stronger.

Everyone reacts differently to stressful situations. How you respond to the outbreak can depend on your background, the things that make you different from other people, and the community you live in.

Stress during an infectious disease outbreak can include

- Fear and worry about your own health and the health of your loved ones
- Changes in sleep or eating patterns
- Difficulty sleeping or concentrating
- Worsening of chronic health problems
- Increased use of alcohol, tobacco, or other drugs
